

PRESS RELEASE

New Delhi, 29th December. The BJP Delhi Pradesh President Dr. Harsh Vardhan has said that the people of India have rejected the policy of appeasement of the Congress. The Congress will become a marginal force in all the coming elections. The BJP will come to power at Centre and States after emerging victorious and it will lead the country to prosperity.

He told that just after coming to power the Congress had started playing its old politics of divide and rule and it is the result of this policy that it has lost power in about half a dozen States. It will be totally decimated in the forthcoming Assembly and Lok Sabha elections. The way in which the Congress has insulted the majority community of the country by appeasing a particular section, the voters shall certainly punish them.

Dr. Harsh Vardhan told that the arrest of Shankaracharyaji, special assistance to the minority, providing concessions to them in pilgrimages and recovering taxes on the Hindu Math-temple and religious places, vitiating the curriculum, insulting the respected personalities in the curriculum, allotment of special fund for 90 minority dominated districts, announcing 15 point programmes separately for them, avoiding to hang the dreaded terrorist Afzal Guru etc. decisions have proved that the UPA Government is actually anti people, anti majority and anti national. Now by giving orders to demolish Ramsetu it has shown its anti Hindu face to the world. It will certainly get punishment for it.

Under the leadership of the BJP Pradesh President Dr. Harsh Vardhan many office bearers and senior leaders accorded grand welcome to the Captain of Gujarat victory Shri Narendra Modi on his arrival at Delhi Airport today. On this occasion the workers garlanded him and raised slogans 'Gujarat Aur Himchal Congress Hari Hai - Ab Delhi Ki Bari Hai'.
